

Oversized loads

Since the beginning of 2008, BBL Group gives itself a "Industrial Project - Exceptional Transport" structure..

This new step takes place within the development of the company, in order to offer adapted solutions to any kind of request.

Transport operations are « qualified » as exceptional when the convoy has characteristics that are out of the ordinary, because of its dimensions or its mass, if they do not fall into the regulatory limits of the French Highway Code (articles R 312-10, 11 and 14).

The 3 registered categories in France are as follows :

Length (mètres) Width(mètres) Mass(kg)

1 ^{re} catégorie L ? 20	l ? 3	M ? 48 000
2 ^e catégorie 20	3	48000
3 ^e catégorie L > 25	l > 4	M > 72 000

Thanks to its European partner network, BBL is now able to assist you with your different exceptional operations..

From the first meeting with our client to delivery confirmation, we put all our competences at your disposal, in order to offer the solution that is the most adapted to your needs :

- ➤" />Careful study of the loading / unloading means of the vehicle that is used for the transport, as well as the route to follow
- ➤" />Clearance requests to the competent authorities, control and, if necessary, escort of the freight
- ➤" />Customs clearances, and complementary services
- ➤" />Transport and personalized follow-up
- ➤" />Delivery and confirmation

BBL Transport will bring you its expertise through a wide range of special vehicles and through dedicated interlocutors, exclusively dedicated to these kind of operations.

For any personalized demand concerning the forwarding of :

- " style="margin-bottom:0" /> **industrial projects,**
- " style="margin-bottom:0" /> **oversized loads,**
- " style="margin-bottom:0" /> **plant relocations,**

Please join **André DOS SANTOS**, your interlocutor for these operations. **André DOS SANTOS** (01 74 92 22 09)
